

ONE CONQUERING WEAPON

1 John 2:14

After being born again into the Father's family through Jesus Christ, we can grow into young men and women of God. As such, the Lord wants us to know that we are in a battle. Therefore, He gave us a special message. He said that we are victorious. He has revealed to us that our victory tool is the Word of God, and in it we see the future—that God has something bigger for us.

We go through the battle because we know that all things work for the good of those who love Christ. No one can snatch us from His hands. In difficult times, He can take us through the Red Sea.

Maybe you have heard these sayings: “Seven days without God's Word makes one weak” or “You'll either find a worn-out Bible or you'll find a worn-out life.” Some of us are still spiritual children who think we don't have time to read the Bible. Make time. That is the most important thing you could possibly do. Maybe you don't read the Word because you don't understand it. No one understands everything. It is a difficult book. But we can go to the Father and pray, “God, I need Your help. Let me understand your Word. Let it wash over me.” Then go to the New Testament and start reading. That is all you have to do to begin.

God's Word brings the victory. Our hate, our opinions, and our fights are not the weapon. The Word of God is the weapon. Reading it, studying it, obeying it, living it, resting in it, remaining in it, abiding in it—that is what makes victory happen.

All of us could do better with our Bible reading. Put the Word in your mind and in your heart, and let God do something in you. That is how you move from a little child to a young man or woman of God. How do you fight the battle? You fight the battle with His Word. This is for your encouragement.

Heaven is counting on young men and women to rely on God's Word in the battles and to stay true spiritually. Remember, we are not talking about age progression; we are talking about spiritual maturity. Young people, you have conquered the evil one!
