

*Our goal as a Next Generations ministry is to give kids a safe and exciting place to attend church. Your emotional, physical and spiritual health are very important to us, so we have provided a list of things that you can expect from us.*

**What kids can expect . . .**

- An adult volunteer or staff person will never bully you physically or emotionally... ever.
- Adult volunteers and church staff are prohibited from touching you in a manner that makes you feel uncomfortable. If you are made to feel uncomfortable, please let another adult know immediately.
- No adult volunteer or staff person will ask you to be alone except in a student ministry context, with an adult of the same gender and with your parent's permission ONLY.
- Please no inappropriate behavior. If we see it, we will address it. If this doesn't work, your parents will be contacted.
- We are watching for and will address behavior that involves physical or emotional bullying. If you feel you are being bullied, please let an adult know immediately.
